

Pachamama Comercio Justo Ecosystem

Over 6 years of observation we have identified 19 regenerative productive activities that are in tune with the patterns of our site and bio region. Just like microbiology is the most crucial factor to build good soil, people are crucial to building regenerative human settlements. The Baja Convergence has been the mychorrhiza that has connected us with the right people and organizations to create an abundant community.

Abundance Inoculators (Business Units):

- 1) **PM Workshops**
- 2) **Convergencia de Permacultura de las Californias** - Spanish Convergence in each of the Californias every year
- 3) **PM Pizzeria ***
- 4) **PM Brewing** – (-Border X Brewing -)*
- 5) **PM Value Added ***
- 6) **PM Agro forestry**

*currently operating

Main Design Features:

- A) **Woofing / Migrant program** – Adobe house with 2 dormitories (men / women)/ kitchen / living room / laundry room / lockers / bon fire for woofers and migrants, we are a stone throw away from the border so we get a large flow of migrants walking on the road

looking for work. This would be a unique opportunity for kids from developed countries to work side by side with a refugee migrant.

- B) **Row Crop Spiral ***
- C) **Biointensive demonstration site ***
- D) **Aquaponics demonstration site**
- E) **Food Forest and gray water system ***
- F) **Agro forestry** - Stone fruits, apples, pears and pomegranates are planted within a series of swales traced on contour.
- G) **Chicken Tractor / Bee hives**
- H) **Dry Toilets ***
- I) **Amphitheater / Dock** – Receiving dock for the Value Added Commercial Kitchen also works as stage with cob benches in a Keyline pattern for the audience.
- J) **Camping area ***
- K) **Water Tank** – Ferrocement and stone 6 thousand gallon cylinder water tank located in the highest point in the property. *
- L) **Parking** – Also works as Dry organic matter wind row storage/ Static Compost mini wind rows / Soccer 7 field*
- M) **Cob Kitchen** – Cob Wood Fire Oven / Rocket Stove.*
- N) **Back Farm** - Seedling Greenhouse */ Outdoor Shower */Veggie washing station
- O) **Tire terrace** – Earthship rammed tires wall and Bond fire area*
- P) **Rain Water Harvesting Canal ***
